MADE IN CANADA

All fitness stations are designed, manufactured and shipped from the Point Edward Ontario facility. With over 20 years of experience in metal fabrication, ActiveFit is guaranteed to deliver a high-quality product, that is designed with expert knowledge of outdoor fitness equipment standards for use in public spaces.

NO MEMBERSHIP FEES

A healthy community is one that actively promotes and sustains the physical, mental and social wellbeing of its residents. An ActiveFit park brings accessible health and wellness options to communities without the worry and inconvenience of costly gym memberships.

DESIGNED FOR FITNESS

Diverse communities need a range of products suitable for a multitude of users with a variety of personal goals and abilities. ActiveFit units seamlessly blend innovation with stylish design to bring gym quality results to outdoor environments.

OUR WARRANTY

A 360-degree warranty with minimal exclusions covers all non-moving powder coated metal components and all HDPE plastics used for seats, back rests, foot pads, pedals and hand grips. For complete details, please visit the warranty page.

BILINGUAL SIGNS

Units ship complete with combination English and French instructional use signs for a more inclusive and accessible park. Bilingual signs allow for simplified understanding of the numerous workouts and exercise options each fitness unit offers.

CUSTOM COLORS

Dozens of colour combinations give equipment a custom look that perfectly compliments any community, school or campground colour scheme. Speak to a sales representative today to request additional information.
